Dear Sanjay Kandari

We wish to apologise for the delay in amending the CPA crediting periods as per your request. The reason for the delay, is because on considering the request for changes, it appeared that many of the CPA view pages did not correspond with the submitted CPA DDs. The DOE normally submit the CPA inclusions and it is not our procedure to perform completeness checks at this stage.

Following a review of this PoA, it was decided to amend the discrepancies and proceed with the requested changes to the CPA view pages.

We have attached the list of the revised crediting periods (those requested, & those which will be amended to correspond with the CPA DDs) for your review. We require your confirmation to proceed

On your confirmation, we will proceed with the necessary changes.

Thank you for your understanding.

Kind regards,
Your CDM team
UNFCCC secretariat

Subject: RE: Monitoring report rejection for: CFL lighting scheme ? ?Bachat Lamp Yojana? (Ref: 3223)

Dear CDM Team,

This mail is with regard to request for change in the crediting period start date of One(01) included CPA(Ref No.- 3223-0001) for the registered POA titled, "CFL lighting scheme - "Bachat Lamp Yojana"; UNFCCC Ref No 3223.

We want to seek a clarification from your side on the procedure for submission of the request for change in the crediting period start date in line with para 220 of Clean development mechanism project standard, Version 04.0. PP has requested us to proceed with the request for change in the crediting period start date for the specific CPA (Ref No.- 3223-0001) during the verification process after the MR is made public.

As per para 134(a) of Project Cycle Procedure , DOE needs to submit a request for approval by the Board after due assessment prior to the submission of the request for issuance .

DOE would therefore like to confirm whether such assessment opinion needs to be submitted before webhosting of MR or can be done after the MR is made public?

Thanks & Best Regards;
Sanjay Kandari

Dear Mr. Sanjay Kandari,

In reference to revisions of the CPA start date of crediting periods, we would be grateful if you could kindly provide documentation in this regard.

Taking CPA 3223-0001 as an example, in Annex 2 of the monitoring report, it states that 09-Oct-11 is the start date of crediting period. However, on the relevant CPA web page, it states that the crediting period for this CPA is 30 May 2010 - 29 Mar 2018.

Best regards,

Your CDM team

Dear KBS,

We would like to notify you that the monitoring report for the period 30 May 2010 to 31 December 2012(for the CDM project activity "CFL lighting scheme – “Bachat Lamp Yojana" (Ref. no. 3223), was rejected for the following reason(s):

The monitoring period number is not included in the title section. This is required to ensure consistency for future monitoring reports. Please address this issue.

Yours sincerely,

Dear CDM Team,

This is regarding the request to upload (for publication) the monitoring report for the registered CDM PoA titled , "CFL lighting scheme – "Bachat Lamp Yojana" (Ref. No. PoA 3223) for the first monitoring period 30/05/2010 to 31/12/2012 as per para 177 of PCP.

This is our first CDM PoA monitoring report to be uploaded on UNFCCC website but we could not locate any suitable option on the interface to upload the same. Additionally, we tried to search any other means in the DoE extranet also but did not find one.

Therefore, we request you to either please upload the attached CDM PoA monitoring report on the project web page or guide us as how it can be done on CDM interface. Lastly, we would like to know what date would be considered for the publication purposes e.g., the date of this email or any other, with regard to undertake the site visit for this assignment.

We look forward to your prompt reply in this regard to move ahead and convey the same to the client.

Thank you and kind regards,

Sanjay Kandari
