

**REVIEW OF THE REQUEST FOR ISSUANCE****Grasim Cement: Energy efficiency by up-gradation of clinker cooler in cement manufacturing (0858)**

The Board could not approve the issuance of proposed CERs for the project activity for the monitoring period (01 Oct 04 - 31 Mar 07) because the DOE (SGS) has not sufficiently verified that the monitoring plan is in accordance with the approved methodology AMS-II.D version 7.
