LETTER N° <sup>84</sup>-2014-MINAM/DVMDERN/DGCCDRH

Mr.  
**DANIEL WEISSER**  
Managing Director  
Carbonbay GmbH & Co.KG

Dear Mr. Weisser:

According to the EcoRessources Carbono S.A.C letter and attachments that were send to the Ministry of Environment of Peru, they informed that Mabanaf Carbono B.V. and EcoRessources Carbono S.A.C concluded their Development Agreement. Also, explained us that Carbonbay GmbH & Co.KG is a subsidiary of the holding company Marquard & Bahls AG in Hamburg, Germany, who is also the ultimate beneficial owner of Mabanaf Carbon B.V., current project participant and joint focal point in the Tepeu PoA. Carbonbay has been set up with the aim of concentrating all carbon business within the Marquard & Bahls group in one single entity and location which is now based in Hamburg, Germany. As such, all activities of Mabanaf Carbon B.V., including its role in the Tepeu PoA, will be taken over by Carbonbay.

On behalf of the Designated National Authority of Peru for the Kyoto Protocol, I hereby confirm that the Tepeu PoA has changed its Coordinating and Managing Entity from EcoRessources Carbono S.A.C to Carbonbay GmbH & Co.KG.

In this case, I am pleased to send you this Letter Of Approval with the respective change for the project submitted under File N° 10393-2012, on June 07<sup>th</sup> 2012, "*Tepeu Wind Programme of Activities*" in order to continue the project cycle approval for the Clean Development Mechanism of the Kyoto Protocol. It has been verified that the project contributes to national sustainable development and harmonizes with Peru's national environmental policy.

Through this letter of approval, the transfer of certified emission reductions by the requesting company to the correspondent Annex B Party of the Kyoto Protocol as a result of the voluntary CDM project activities, is voluntarily accepted and authorized. In this regard, "*Carbonbay GmbH & Co.KG*" is recognized as a coordinating/managing entity for the "*Tepeu Wind Programme of Activities*".

This document should be used with no other purposes that to be submitted as part of the prerequisite for registration with the Clean Development Mechanism Executive Board of the Kyoto Protocol, that was ratified by the Peruvian Government in Congressional Resolution N° 27824 (2002).
