

CARTA N°: 205035

Santiago, 10 DIC 2020

**Mr. Alexis L Leroy**  
**Legal representative**  
**ALLCOT AG**  
**Steinhauserstrasse 74**  
**CH-6300 Zug, Switzerland**

***Ref.: "Multi-country Renewable Energy Programme of Activities"***

Dear Mr. Leroy:

1. Considering that Chile is part of the UN Framework Convention on Climate Change and the Kyoto Protocol, which in Article 12 creates the Clean Development Mechanism (CDM).
2. As stated in Agreement No. 216/2003, the National Environment Commission, which is the Designated National Authority for CDM purposes and authorizes the Executive Director of the National Environment Commission to issue and sign documents that the MDL requires. Under the third transitory article of the law 20.417, the Ministry of Environment and Environmental Assessment Service are the designated successors of the Commission on matters within its competence, so that references made to the Executive Director should be understood as made to the Minister of Environment.
3. Taking into consideration the documents presented by you in response to your request for approval of the Program of Activities (PoA) "Multi-country Renewable Energy Programme of Activities", including the Programme of activities design document (PoA DD), the Generic CDM project activity design document (generic CPA DD), the specific CDM Project Activity Design Document "Don Pedro 9.0 MW Photovoltaic Park" (specific CPA DD) and the RCA 55/2019 from the Evaluation Commission of the Region of Coquimbo, which qualifies the project as environmentally favorable.
4. Considering the decisions taken on October 14, 2020 by the Executive Committee, which represent the Designated National Authority.

5. Note that:

- Authorize the voluntary participation of ALLCOT AG as Coordinating/Managing Entity (CME) in the programme of activities and the "Don Pedro 9.0 MW Photovoltaic Park" as a CPA for the Programme of Activities "Multi-country Renewable Energy Programme of Activities" in the Mechanism of Clean Development referred to in article 12 of the Kyoto Protocol.
- Confirm that the project referred to above contributes to sustainable development in Chile and has been presented voluntarily to the Designated National Authority.

6. This authorization is valid for all those national projects that have its:

- Resolution of favorable environmental qualification (RCA), or if not applicable, sectoral environmental permits.
- Letter of approval from the Ministry of the Environment of Chile that approves the design document (CPADD) of the new CPA.

Best regards,

**JAVIER NARANJO SOLANO**  
**MINISTER (S) OF THE ENVIRONMENT**
