Subject: Letter of Approval for the CDM Programme of Activities (PoA) for **Programme for Grid Connected Renewable Energy in the Mediterranean Region** as a Clean Development Mechanism Project by Ministry of Environment of Lebanon

Reference: The **Programme for Grid Connected Renewable Energy in the Mediterranean Region** CDM PoA

The Ministry of Environment would like to confirm that CDM Programme of Activities (PoA) for **Programme for Grid Connected Renewable Energy in the Mediterranean Region** project was considered by the CDM National Designated Authority in its meeting held on the 24th of September, 2012. The Lebanese National Designated Authority confirms that:

1. The Republic of Lebanon has ratified the Kyoto Protocol to the United Nations Framework Convention on Climate Change on 13 November 2006, and is a Party to the Kyoto Protocol.
2. This is an approval of voluntary participation in the proposed CDM project activity.
3. The **Programme for Grid Connected Renewable Energy in the Mediterranean Region** project is in accordance with the national environmental priorities and contributes to the sustainable development in Lebanon.

Accordingly, the Lebanese DNA authorizes Renewable Energy for the Mediterranean (R.E.M.) to participate in the PoA.

The Lebanese DNA also authorizes the coordination of the PoA by Renewable Energy for the Mediterranean (R.E.M.), and consequently authorizes R.E.M. to be the Coordinating and Managing Entity (CME) of the PoA.

Sincerely yours,

Cc : Members of the DNA committee as per decision 80/4 dated 8/6/2010, MoE
