Dear Mr Havard Norstebo

**RE: LETTER OF APPROVAL (LOA) FOR THE POA FOR THE REDUCTION OF
EMISSIONS FROM NON-RENEWABLE FUEL FROM COOKING AT HOUSEHOLD
LEVEL.**

This letter serves to inform you that the Ministry of Environment and Natural Resources Management, the Designated National Authority (DNA) for Clean Development Mechanism (CDM) has accepted to grant the POA for the reduction of emissions from non-renewable fuel from cooking at household level submitted by Green Development AS, a Letter of Approval basing on the Programme of Activities Design Document (POA-DD) received by the Ministry in line with the UNFCCC guidelines.

The DNA hereby issues this letter of approval and would like to confirm that:

1. The Government of Zimbabwe ratified the Kyoto Protocol on 30 June 2009.
2. Participation in the proposed POA is voluntary.

3. The POA for the reduction of emissions from non-renewable fuel from cooking at household level contributes to sustainable development in Zimbabwe.
4. The Zimbabwe DNA does not take responsibility of any loss or dispute that may occur during the CPA project cycle.

According to the information provided in the POA-DD and other documents, I authorise:

1. Green Development AS as the Coordinating and Managing Entity (CME) of the POA mentioned above.

The project must comply with all required national regulatory requirements during the implementation and throughout the operational phase of the project.

The DNA will be monitoring your project on a yearly basis at your cost, to ensure that the Sustainable Development Indicators and Criteria of Zimbabwe are adhered to during the lifespan of the Certified Emission Reduction Certificate.

F. R. Nhekairo (Ms)

SECRETARY FOR ENVIRONMENT AND NATURAL RESOURCES MANAGEMENT
