TO: Green Development AS

Date: 12/04/2014

Subject: Letter of approval for CDM PoA "PoA for the Reduction of emission from non-renewable fuel from cooking at household level"

Referring to your request of letter of approval for the aforementioned matter, the federal Government of Somalia recognizes the importance of program of activities (PoA) and its prospective of reducing green house gas emissions at the household level. After the assessment of the guidelines of Programme of activities design document (POA-DD), the Designated National Authority (DNA) for Federal Government of Somalia, confirms as follows:

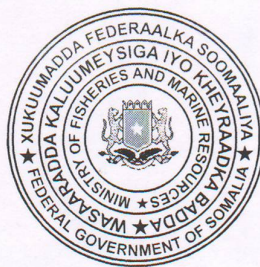

- The Somali Federal Government of ratified the Kyoto Protocol to the UNFCCC on 26th July 2010
- Somalia's participation in the Clean Development Mechanism (CDM) particularly in this Programme of Activities is a voluntary.
- The proposed CDM Programme of Activities will contribute to the country's Sustainable Development.
- Green Development AS is authorised to act as the coordinating/managing entity for the PoA.

Finally, the implementation of projects will be in-line with National development plan, the principles UNFCCC and the Kyoto protocol.

Please accept the assurances of my highest consideration

Faisal Said Mussa

RE: **LETTER OF APPROVED TO" SMALL-SCALE PROGRAMME OF ACTIVITIES
PAO FOR THE REDUCTION OF EMISSION FROM NON-RENEWABLE FUEL
FROM COOKING AT HOUSEHOLD LEVEL**

Referring to your request letter for host country approval for the above stated subject of activities, since we note that the PAO has the objective of reducing emission from non-renewable fuel cooking at household level.

The Designated National Authority (DNA) of Somalia has thoroughly assessed the PAO in line with national Sustainable Development Criteria and we would like to confirm that:

- The project activity shall be carried out all regions of Somalia.
- The PAO is in line with national development objectives of Somalia and thus its implementation will contribute to the sustainable development of the country.
- The proposed PAO is approved for a voluntary participation.
- The Federal Government of Somalia acknowledges that the project activity has potential for reducing greenhouse gas emission and shall help Somalia's sustainable development, pursuant to the principles of the United Nations Framework Agreement regarding Climate Change and the Kyoto Protocol.

Sincerely

Mr. Ahmed Mohamed Iman
Director General
