

CARTA N° 143779

Santiago, 07 OCT 2014

Mr. Rodrigo Rivas
General Manager
Punta Palmeras S.A.

Ref.: "Punta Palmeras Wind Power Project"

Dear Mr. Rivas:

1. Considering that Chile is part of the UN Framework Convention on Climate Change and the Kyoto Protocol, which in Article 12 creates the Clean Development Mechanism (CDM).
2. As stated in Agreement No. 216/2003, the National Environment Commission, which is the Designated National Authority for CDM purposes and authorizes the Executive Director of the National Environment Commission to issue and sign documents that the MDL requires. Under the third transitory article of the law 20.417, the Ministry of Environment and Environmental Assessment Service are the designated successors of the Commission on matters within its competence, so that references made to the Executive Director should be understood as made to the Minister of Environment.
3. Taking into consideration the documents presented by you in response to your request for approval of the project "Punta Palmeras Wind Power Project", including the Project Design Document (PDD) and the R.E. 0222/2009 and R.E. 0122/2012 both emitted by the Regional Evaluation Committee of Coquimbo, which declared the project environmentally sound.
4. Considering the decisions taken on September 10th, 2014 by the Executive Committee, which represents the Designated National Authority.

5. Note that:

- Authorize the voluntary participation of the company Punta Palmeras S.A. and its project "Punta Palmeras Wind Power Project" in the Clean Development Mechanism referred in article n°12 of Kyoto Protocol.
- Confirm that the project referred to above contributes to sustainable development in Chile and has been presented voluntarily to the Designated National Authority.

MARCELO MENA
PRESIDENT OF THE EXECUTIVE COMMITTEE
DESIGNATED NATIONAL AUTHORITY
