**ARTICLE 12 KYOTO PROTOCOL TO THE UNITED NATIONS FRAMEWORK
CONVENTION ON CLIMATE CHANGE
WRITTEN APPROVAL OF VOLUNTARY PARTICIPATION FROM UK DNA**

Numerco Limited has confirmed that they are a project participant in a proposed Clean Development Mechanism (CDM) project entitled Vaayu India Wind Power Project in Gujarat and has requested written approval of the UK's voluntary participation in the CDM from the UK's Designated National Authority.

Numerco Limited has provided us with the attached record of the Host Party's confirmation that the project activity assists it in achieving sustainable development. Vaayu India Wind Power Project in Gujarat was registered by the CDM Executive Board on 9th May 2011 (UNFCCC Project No. 4700).

The Environment Agency acting as the UK's DNA confirms that:

1. the United Kingdom ratified the Kyoto Protocol on 31st May 2002;
2. the UK participates voluntarily in the CDM;
3. to the extent that what is mentioned in paragraphs 1 and 2 may constitute authorisation of Numerco Limited's participation in the above named CDM project activity, and to the extent that such authorisation is required, this letter may be taken to constitute that authorisation.

In granting authorisation, the UK's DNA has not considered those matters that fall within the competence of:

- India, acting as Host Party in respect of this project;
- Earthood Services Private Limited (Earthood), appointed by the project participants as Designated Operational Entity in respect of this project; or
- the CDM Executive Board.

The UK does not intend to issue instructions in respect of, or to participate in the request for issuance of Certified Emission Reductions (CERs).
