The DNA confirms that.

1. The Government of Zambia ratified the Kyoto Protocol in July, 2006;
2. This is approval of voluntary participation in the proposed CDM PoA;
3. The program contributes to the sustainable development in Zambia;
4. The DNA authorizes C-Quest Capital Malaysia Global Stoves Limited (CQC) as the Coordinating/Managing (CME) of the PoA and Community Markets for Conservation (COMACO) along with Ecoeye Co., Ltd., Republic of Korea as the project participants (PP) of the program.

This letter should be valid throughout the lifetime of the PoA. In addition to the above, the DNA has also guided that during implementation of this PoA, you will be expected to furnish it with a breakdown of the jobs that will be created by the project by indicating the number and type of jobs which will be created.
