

## Draft standardized baseline (DSB) development agreement form (Version 01.0)

*To be completed by the CDM Executive Board or secretariat and by a designated national authority (DNA) before the CDM Executive Board decides to develop a draft standardized baseline in accordance with the "Procedure: Development, revision, clarification and update of standardized baselines" (CDM-EB63-A28-PROC). If the draft standardized baseline is developed for a group of Parties, this form is to be completed by the DNA of each Party.*

### INFORMATION TO BE COMPLETED BY THE BOARD OR SECRETARIAT

<b>Title of the draft standardized baseline:</b>	Brick sector emission factor for Peru
<b>Name(s) of the Party or Parties to which the draft standardized baseline applies:</b>	Peru
<b>Elements to be standardized by the draft standardized baseline:</b> (Select one or more than one element(s) to be standardized)	<input checked="" type="checkbox"/> Additionality demonstration <input checked="" type="checkbox"/> Baseline identification <input checked="" type="checkbox"/> Baseline emission/ removal estimation <input type="checkbox"/> Land eligibility demonstration

### Proposed approach for the development of the draft standardized baseline:

- ☒ The "Guidelines for the establishment of sector specific standardized baselines"
- ☐ A methodological approach contained in an approved baseline and monitoring methodology (Please specify below the exact reference (number, title and version) of the approved methodology \_\_\_\_\_)
- ☐ A methodological approach contained in an approved methodological tool (Please specify below the exact reference (title and version) of the approved tool \_\_\_\_\_)
- ☐ The "Guideline: Establishment of standardized baselines for afforestation and reforestation project activities under the CDM"

### Proposed data source, applicability and impacts of the draft standardized baseline:

The data source is the brick facilities of Peru from whom the performance, cost and output data will be collected. Other suitable secondary data sources will also be used, where appropriate.

The standardized baseline will apply to and facilitate the implementation of energy efficiency; technology switch and fuel switch projects in the sector which will have a positive impact on GHG emissions of the sector.

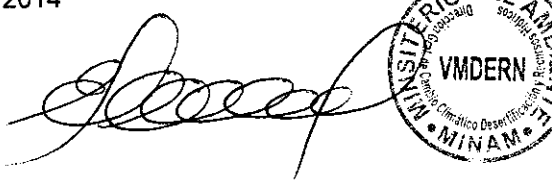

### Any other issues to be stated, if necessary:

This standardized baseline will be developed following the modalities of top-down approach in collaboration and active participation of the UNFCCC secretariat, the Methodologies Panel and the CDM Executive Board.

The Peruvian DNA will extend its full support and cooperation in organization, compilation and quality assessment of the data required to develop standardized baseline, in conjunction with the Ministry of Production which is the sector authority. Nevertheless, there will be an expert who will support these activities and with the financial assistance of KfW.

### INFORMATION TO BE COMPLETED BY THE DNA

<b>Consenting DNA: Peru</b>	General Direction of Climate Change, Desertification and Water Resources.
<b>Name of authorized officer signing for the DNA:</b>	Eduardo Durand López-Hurtado

<b>Date (DD/MM/YYYY) and signature for the DNA:</b>	23/09/2014 
<b>Contact Information of the focal point(s) of the DNA:</b> <i>(Names, email-addresses and phone contacts for procedural and technical communication on the draft standardized baseline)</i>	Eng. Regina Ortega Gordillo, <a href="mailto:rortega@minam.gob.pe">rortega@minam.gob.pe</a> , (51 1 ) 611-6000 Annex 1702
