

CDM: Recommendation Form for Small Scale Methodologies (version 01)

(To be used for presenting questions/proposals/amendments to the simplified methodologies for small-scale CDM project activity categories)

<i>Date of SSC WG meeting:</i>	01–03 September 2008, SSC WG 17
<i>Title/Subject (give a small title or specify the subject of your submission, maximum 200 characters):</i>	Clarification on the applicability of AMS II.H
<i>Indicative methodology to which your submission relates (refer the items of Appendix B of the Simplified Modalities and Procedures), if applicable.</i>	AMS-II.H
<i>Name of the authors of the query:</i>	Sanjay Vashishtha Institution: DLF Commercial Developers Limited (DCDL) vashishtha-sanjay@dlfgroup.in
Summary of the query: Please use the space below to summarize the query related to SSC methodologies/categories SSC Modalities and Procedures provide recommendation/analysis of the SSC WG.	
It needs to be clarified whether the project activity involving the installation of a natural gas based Combined Heat and Power system that supplies electricity and cooling/heat to a commercial building complex can be applicable under the methodology AMS-II.H as it covers the sectoral scope 4 (manufacturing industries).	
Recommendation by the SSC WG: Please use the space below to provide amendments/change (in your expert view, if necessary).	
Please refer to paragraph 21 of the meeting report of the SSC WG 17 http://cdm.unfccc.int/Panels/ssc_wg .	
Answer to authors of query by the SSC WG: Please use the space below to provide answer to the authors of the above query	
The small-scale working group of the CDM Executive Board would like to thank the author for the submission. The applicability of the methodology to a specific project activity is governed by the applicability conditions alone, usually stated under the section 'technology/measure' of a small-scale methodology. Assignment of AMS-II.H to sectoral scope 4, manufacturing industries, does not prevent the application of the methodology to the proposed project activity if all the applicability conditions of the methodology are met as implied in the submission.	

Signature of SSC WG Chair

(Ulrika Raab)

Date: 03/09/2008

Signature of SSC WG Vice-Chair

(Kamel Djemouai)

Date: 03/09/2008

Information to be completed by the secretariat

SSC-Submission number	SSC_197
Date when the form was received at UNFCCC secretariat	03 September 2008
Date of transmission to the EB	03 September 2008
Date of posting in the UNFCCC CDM web site	03 September 2008
