<i>Name of the authors of the query:</i>	Klimaschutz e.V
<u>Summary of the query:</u> Please use the space below to summarize the query related to SSC methodologies/categories SSC Modalities and Procedures provide recommendation/analysis of the SSC WG. Proposal for amendment to AMS.I.C to include certified cookstoves. The submission also proposes a technical and performance standard for all efficient cookstoves to be certified.	
<u>Recommendation by the SSC WG :</u> Please use the space below to provide amendments /change (in your expert view, if necessary). It is not clear on what basis the technical/performance standard has been proposed. It is also not desirable for methodologies to enforce new standards. The new methodology proposed for switch from non-renewable biomass will cover the proposed application of PP. Please refer to paragraph 15 of the report of the SSC-WG 04: http://cdm.unfccc.int/Panels/ssc_wg/SSCWG04_rep_ext_final.pdf	
<u>Answer to authors of query by the SSC WG :</u> Please use the space below to provide an answer to the authors of the above query The small scale working group (SSC-WG) of the CDM Executive Board would like to thank you for submitting a request for revision. The inputs have been considered in developing a new indicative methodology for switch from non-renewable biomass.
