Subject: Small Hydro Power Plant Bugres CEEE Request for Review

Dear madam/sir,

As a Project Participant of the “Small Hydro Power Plant Bugres CEEE” project activity, I would like to confirm that this project has never stopped since the decision to start the project was made.

Contract “CEEE GT/9945704” was signed in March 1 2011 between the project participants *Lumina Engenharia e Consultoria Ltda.* and *Companhia Estadual de Geração e Transmissão de Energia Elétrica*. The contract included services to submit the SHPP Bugres to the Clean Development Mechanism (CDM) and was valid until April 1, 2014. Since then, the original contract was renewed multiple times to increase its validity until the project is approved and registered under the CDM.

Please find below a timeline of events regarding the validation process for the project activity that showcase how it has never stopped nor restarted at any point in time.

Table 1. SHPP Bugres Timeline of Events

May 21st 2012	EOD hired to validate SHPP Bugres
August 8th 2012	Validation visit to SHPP Bugres
August 9th 2012	Validation visit to SHPP Bugres
September 24th 2012	Validation Report sent to Project Participants
October 29th 2012	Reviewed Validation Report sent back by Project Participants to EOD
July 18th 2013	Final Validation Report sent to Project Participants
July 26th 2013	Project activity sent to Brazilian DNA requesting LoA
August 12th 2013	Brazilian DNA 74th Meeting
October 10th 2013	Brazilian DNA 75th Meeting
October 16th 2016	Brazilian DNA results requesting project’s review
November 29th 2013	Reviewed project sent to Brazilian DNA
December 09th 2013	Brazilian DNA 77th Meeting
February 2nd 2014	Brazilian DNA results requesting project’s second review
March 19th 2014	Reviewed project sent to Brazilian DNA

April 4th 2014	Brazilian DNA 79th Meeting, approving the project under conditions
May 7th 2014	Evidence documentation to satisfy Brazilian DNA's conditions sent by Project Participants
May 23rd 2014	LoA issued by Brazilian DNA
October 5th 2015	CDM Request for Registration
November 19th 2015	CDM's request for additional information (incomplete request for registration)
November 24th 2015	Additional information provided to CDM as per request
December 1st 2015	Completeness check approved by CDM
January 2 nd 2016	CDM's request for additional information
May, 2016	Additional information provided to CDM as per request
November 14 th 2016	CDM's Request for review for the project's request for registration

Kind regards,

Sergio Ennes

CEO, Lumina Energia
