

CARTA N° 180814

SANTIAGO, 01 MAR 2018

Mr. Luis Mondragón Martínez
General Manager
Río Alto S.A.

Ref.: "Expansion San Pedro Wind Farm"

Dear Mr. Mondragón:

1. Considering that Chile is part of the UN Framework Convention on Climate Change and the Kyoto Protocol, which in Article 12 creates the Clean Development Mechanism (CDM).
2. As stated in Agreement No. 216/2003, the National Environment Commission, which is the Designated National Authority for CDM purposes and authorizes the Executive Director of the National Environment Commission to issue and sign documents that the MDL requires. Under the third transitory article of the law 20.417, the Ministry of Environment and Environmental Assessment Service are the designated successors of the Commission on matters within its competence, so that references made to the Executive Director should be understood as made to the Minister of Environment.
3. Taking into consideration the documents presented by you in response to your request for approval of the project "Expansion San Pedro Wind Farm", including the Project Design Document (PDD) and the R.E. 733/2013 emitted by the Regional Evaluation Committee of Los Lagos, which declared the project environmentally sound.
4. Considering the decisions taken on February 20th, 2018 by the Executive Committee, which represents the Designated National Authority.

5. Note that:

- Authorize the voluntary participation of the companies Río Alto S.A. and Energías Abtao S.A. and their project "Expansion San Pedro Wind Farm" in the Clean Development Mechanism referred in article n°12 of Kyoto Protocol.
- Confirm that the project referred to above contributes to sustainable development in Chile and has been presented voluntarily to the Designated National Authority.

MARCELO MENA CARRASCO
PRESIDENT OF THE EXECUTIVE COMMITTEE
DESIGNATED NATIONAL AUTHORITY
