Letter of Approval
for a project under Article 12 of the Kyoto Protocol
Clean Development Mechanism

Undersigned, as a legal and authorised representative of the Designated National Authority for the Kingdom of Denmark under the Kyoto Protocol to the United Nations Framework Convention on Climate Change,

Noting that Nordjysk Elhandel A/S has confirmed that they are a project participant in the proposed Clean Development Mechanism project "Methane Recovery in Wastewater Treatment and utilization for Electricity Generation at Saremas 1 Palm Oil Mill, Sarawak, Malaysia".

Considering that the Project is expected to provide a reduction in greenhouse gas emissions by sources that are additional to any that would otherwise occur;

declares that:

1. Denmark has ratified the Kyoto Protocol to the United Nations Framework Convention on Climate Change on May 31, 2002, and participates voluntarily in the Clean Development Mechanism;
2. Denmark approves "Methane Recovery in Wastewater Treatment and utilization for Electricity Generation at Saremas 1 Palm Oil Mill, Sarawak, Malaysia" to be a Clean Development Mechanism project under Article 12 of the Kyoto Protocol and its underlying decisions;
3. Denmark approves and authorises the voluntary participation of the Nordjysk Elhandel A/S in the Project.

This letter of approval is issued in pursuance of § 21 a of Consolidated Act 348, 9th of May 2008 and Statutory Order no. 386 of the 27th of February 2008 and signed on behalf of the Danish Energy Agency in its capacity as the Danish Designated National Authority for the Clean Development Mechanism:
