Subject Approach Note for CDM Advisory Services for Neepaz Metaliks Limited

Dear Mr.Naveen,

This is with reference to the discussions we had with your Management today at your office regarding the Clean Development Mechanism and its procedural formalities. As already highlighted, since your

Management is contemplating setting up an integrated iron and steel plant, your upcoming waste gas based Power Plant is eligible to be taken up as a CDM project activity.

As desired at your end, please find attached our Approach Note highlighting our credentials in the Iron and steel sector. Let us know a convenient date and time when we can discuss and take things forward.

Looking forward to hear from you,

Kind Regards
Umashankar.
