P.S. to The Minister-in-Charge
Dept. of Commerce & Industry
Govt. of West Bengal
Writers' Building
Kolkata 700 001

Dear Sir,

Sub: Discussion with Hon'ble Minister-in-Charge, Dept. of
Commerce & Industry regarding our Projects in W.B

Reference is made to the discussion we had with the Hon'ble MIC, Dept. of C&I, on 8th December, 2005 in his chamber.

During the discussion we drew the attention of the Hon'ble Minister to the various difficulties faced by our units namely Ankit Metal & Power Ltd situated at Jorehira, Dist. Bankura and Rohit Ferro Tech Ltd., situated at Bishnupur, Dist. Bankura. A list of the issues discussed is enclosed for your kind perusal.

The matter of temporary water supply from ground source (village - Bhaladiha, P.S. Chhatna) for getting water to operate and run the integrated steel plant of Ankit Metal & Power Ltd at Jorehira, Dist. Bankura was discussed. The Hon'ble Minister was kind enough to give us assurance in this respect. As follow-up we have sent a letter ref. AMPL/0527/05-06 dated 15th December, 2005 to Hon'ble Minister, a copy of which is enclosed herewith for your kind information and necessary action. This has a reference to the discussion our Shri. J.N. Rudra had with you on the 4th instant.

We also seek help from the Hon'ble Minister in respect of the following issues:

- a) Vested land required for setting up a Captive Power Plant at Bishnupur required for our power intensive unit - Rohit Ferro Tech Ltd, which produces High Carbon Ferrochrome. In order to make this unit viable for a longer period, we require Captive Power Plant. We have identified a block of vested land near our unit at Bishnupur. After detailed discussions, we submitted a prayer to the Dist. Magistrate, Bankura for allocation of this block of vested land on long term basis for the purpose of implementing the captive power plant at Bishnupur. It may be mentioned that a copy of our prayer to the District Magistrate in this regard was handed over to the Hon'ble Minister for his kind perusal and further necessary instructions. We enclose another copy of the same letter addressed to the DM. Bankura.

Ankit Metal & Power Limited

- b) We essentially require Coal to run and operate our various units in West Bengal. We have already applied to appropriate authorities for linkage of coal and allotment of Captive Coal Blocks. We prayed to the Hon'ble Minister for his support in this respect.

In this circumstance, we request you to kindly take necessary action as per the desire of the Hon'ble Minister-in-Charge.

Thanking you,

Yours faithfully,
For Ankit Metal & Power Ltd

S. K. Patni
Chairman & Director

Encl: as above.
