LETTER N° 82-2014-MINAM/DVMDERN/DGCCDRH

Mr.  
**DANIEL WEISSER**  
Managing Director  
Carbonbay GmbH & Co.KG

Dear Mr. Weisser:

According to the EcoRessources Carbone S.A.C letter and attachments that were send to the Ministry of Environment of Peru, they informed that Mabanft Carbone B.V. and EcoRessources Carbone S.A.C concluded their Development Agreement. Also, explained us that Carbonbay GmbH & Co.KG is a subsidiary of the holding company Marquard & Bahls AG in Hamburg, Germany, who is also the ultimate beneficial owner of Mabanft Carbon B.V., current project participant and joint focal point in the Tunki PoA. Carbonbay has been set up with the aim of concentrating all carbon business within the Marquard & Bahls group in one single entity and location which is now based in Hamburg, Germany. As such, all activities of Mabanft Carbon B.V., including its role in the Tunki PoA, will be taken over by Carbonbay.

On behalf of the Designated National Authority of Peru for the Kyoto Protocol, I hereby confirm that the Tunki PoA has changed its Coordinating and Managing Entity from EcoRessources Carbone S.A.C to Carbonbay GmbH & Co.KG.

In this case, I am pleased to send you this Letter Of Approval with the respective change for the project submitted under File N° 020741-2011, on September 26<sup>th</sup> 2011, "*Tunki Small Scale Hydropower Program of Activities*" in order to continue the project cycle approval for the Clean Development Mechanism of the Kyoto Protocol. It has been verified that the project contributes to national sustainable development and harmonizes with Peru's national environmental policy.

Through this letter of approval, the transfer of certified emission reductions by the requesting company to the correspondent Annex B Party of the Kyoto Protocol as a result of the voluntary CDM project activities, is voluntarily accepted and authorized. In this regard, "*Carbonbay GmbH & Co.KG*" is recognized as a coordinating/managing entity for the "*Tunki Small Scale Hydropower Program of Activities*".

This document should be used with no other purposes that to be submitted as part of the prerequisite for registration with the Clean Development Mechanism Executive Board of the Kyoto Protocol, that was ratified by the Peruvian Government in Congressional Resolution N° 27824 (2002).

Mr.

**Luis Fernando Miranda Del Solar**  
General Manager  
ÉcoRessources Carbone S.A.C.

Dear Mr. Miranda:

On behalf of the Designated National Authority of Peru for the Kyoto Protocol, I am pleased to inform you our positive opinion for the Program of Activities submitted under File N° 020741 - 2011, on September 26<sup>th</sup> 2011: "*Tunki Small Scale Hydropower Program of Activities*", in order to continue the project cycle approval for the Clean Development Mechanism of the Kyoto Protocol. It has been verified that the program contributes to national sustainable development and harmonizes with Peru's national environmental policy.

Through this letter of approval, the transfer of certified emission reductions by the requesting company to the correspondent Annex B Party of the Kyoto Protocol as a result of the voluntary CDM project activities, is voluntarily accepted and authorized. In this regard, *ÉcoRessources Carbone S.A.C* is recognized as a coordinating/managing entity for the "*Tunki Small Scale Hydropower Program of Activities*".

This document should be used with no other purposes that to be submitted as part of the prerequisite for registration with the Clean Development Mechanism Executive Board of the Kyoto Protocol, that was ratified by the Peruvian Government in Congressional Resolution N° 27824 (2002).

This letter of approval will not be valid if the project presented by designated operational entity is not validated by the Executive Board of the Clean Development Mechanism.

Sincerely yours,

Rosa Morales Saravia  
General Director  
Department of Climate Change, Desertification and Water Resources.  
Ministry of Environment.
