San Salvador, May 28, 2008

Reference: Letter of Approval of the Project  
Addition of a power generation micro unit at  
the "5 de Noviembre Power Plant"

Mr. Nicolas A. Salume  
President  
Comisión Ejecutiva Hidroeléctrica del Río Lempa  
Present

Dear Mr. Salume:

We wish to refer to the Project Addition of a power generation micro unit at the "5 de Noviembre Power Plant" (the Project), submitted for our approval. As representative of the Designated National Authority (DNA) for the Clean Development Mechanism (CDM) of the Republic of El Salvador, we hereby confirm:

- i) The Republic of El Salvador ratified the Kyoto Protocol on September 17, 1998.
- ii) The Republic of El Salvador voluntarily participates in the CDM.
- iii) The Republic of El Salvador recognizes the Project Participant's rights to all Certified Emission Reductions (CERs) generated by the Project, and accepts the transfer of all CERs during the crediting period of the Project.
- iv) The Project assists the Republic of El Salvador in achieving sustainable development.

This letter of approval is valid, only if the Project Design Document (PDD) had been validated by a Designated Operational Entity (DOE).

Sincerely,

Eng. Roberto Alfonso Escalante Caceros  
Vice-Minister, In Charge of Office
