

## Certification Report

Sindicatum Carbon Capital Ltd has commissioned China Quality Certification Centre (CQC) to verify the emission reductions of the project "Mianyang Landfill Gas Utilisaztion Project" (UNFCCC Reference Number 1664) in China during from 25<sup>th</sup> February 2011 to 24<sup>th</sup> August 2011 against the relevant requirements for CDM project activities. The project activity uses state of art landfill gas (LFG) collection system to maximize LFG extraction efficiency. The 4 generators described in the registered PDD and their connection to the grid was under operation; the construction of the project had been finished.

The verification scope is defined as a periodic independent review and ex post determination of the monitored GHG emissions reductions by the Designated Operational Entity (DOE) during the defined monitoring period. Based on VVM, CQC verification team applied the means of document review, follow-up interview, on-site visit, information cross-check to perform the verification.

During verification, 2 Clarification Requests (CLs) were raised by CQC team and successfully closed.

In summary, CQC confirms that:

- The project was implemented in accordance with the registered project design document;
- The monitoring plan was in accordance with the approved methodology applied by the CDM project activity;
- The monitoring had been carried out in accordance with the monitoring plan contained in the registered PDD;
- The GHG emission reduction was calculated without material misstatements.

Our opinion relates to the project's GHG emissions and the resulting GHG emission reductions reported and related to the valid and registered project baseline and monitoring, and its associated documents. Based on the information seen and evaluated, CQC confirms the following statement:

**The implementation of the project had resulted in GHG emission reductions of 50,372 tCO<sub>2</sub>e during the monitoring period 25<sup>th</sup> February 2011 to 24<sup>th</sup> August 2011.**

**Verification Team Leader:**  (Mr. Gu Liran), **Date:** 2011-11-30

**Vice-President:**  (Mr. Chen Wei), **Date:** 2011-11-30
