

UNFCCC PA 0370 'Ganpati co-generation project at Medak, Andhra Pradesh' Post registration changes request with the request for issuance of Crediting Period 2 Monitoring Period 1 (01/01/2010 – 24/06/2012).

As per guidance, for projects which are registered under the previous regulatory framework (VVM track), the old information shall be transferred to the new form and the DOE shall include a statement in the assessment opinion that the material included in the new form is materially the same as the information in the registered PDD/PoA-DD/CPA-DD.

To cover this requirement we have uploaded document titled 'Approved RCP PDD dated 23112010.pdf'

under the interface field entitled *"supplementary documents: For corrections that do not affect the project design, permanent changes from the monitoring plan as described in the registered PDD or the monitoring methodology changes to the project or programme design of a registered project activity or PoA and/or changes specific to afforestation or reforestation project activities."*

The changes that are the subject of the request for approval are to be highlighted.

For this we have uploaded the following documents "GSIL PDD_v8 track.pdf"

as well as a clean version of that same document "GSIL_PDD_v8.pdf"
