Ref No. 00006161	Eric Tolcach	eric.tolcach@tuev-sued.de			

Dear CDM team,

We are submitting this letter in relation to the outcome of the information and reporting check for the request for registration of the proposed programme of activities "Renewable Energy PoA in India" - Ref No. 00006161.

We received your feedback on 20/09/2012 and believe that the identified issues are based on editorial nature due to inconsistency in the version number of the "Guidelines for Demonstrating Additionality of Microscale Project Activities" version 3, EB 63, Annex 23 and misunderstanding information due to the used of previous version during the validation process.

Therefore, following the same approach accepted by the UNFCCC in the registered project activity "Switch from Single Cycle to Combined Cycle (CC) CDM Project at Shirvan Power Plant" - Ref No. 00005469, we would like to request the UNFCCC Secretariat to consider this response as per paragraph 65 of the Clean Development Mechanism Project Cycle Procedure (Version 02.0, EB 66 Annex 64, page 13), and hence treat the submission as complete and close the information and reporting check based on the submission of this response and revised documentation.

Should the secretariat conclude that the revised documents addressing these editorial issues are still incomplete; the project documentation will need to be updated following latest applicable requirements to the project activity.

Applying paragraph 65 of the Clean Development Mechanism Project Cycle Procedure (Version 02.0, EB 66 Annex 64, page 13) will ensure that the proposed CDM project activity while addressing the inconsistencies identified is complying with the UNFCCC-CDM requirements and will not delay the submission, and hence the entire validation process for the validation of this Programme of Activities.

Industrie Service

In order to ease the completeness check of the revised documents, we are submitted together with the clean version of them a track change version of the PoA-DD, CPA-DD and the Validation Report.

We kindly request you to accept our response and revised documents.

Please, do not hesitate to directly contact us in case any clarification is required.

Thank you in advance.

Best regards,

A handwritten signature in blue ink, appearing to read 'Eric Tolcach', enclosed within a blue rectangular box.
