The Ha Tinh province in Vietnam was recognized by the government of Vietnam as an "area with difficult economic conditions" in 2006, according to Decree 108 providing guidelines for the implementation of Law on Investment.

Clarifications requested:

- Would an "area with difficult economic conditions" as identified by the Vietnamese Government in 2006, according to Decree 108 qualify as a "special underdeveloped zone by the Government before 28 May 2010" and thereby the "Guidelines for demonstrating additionality of Renewable Energy Projects =<5 MW and Energy Efficiency Projects with energy savings <=20 GWh per year", be applicable?
- If the above Guidelines are applicable for this region, would the "Guidelines on the demonstration and assessment of prior consideration of the CDM (version 03)", EB49, Annex 22, still be applicable?
