

 <p align="center">CDM: Form for Submissions on Small Scale Methodologies and Procedures (version 03) <i>(To be used for presenting questions/proposals/amendments related to the simplified methodologies for small-scale CDM project activity categories)</i></p>	
Name:	Tobias Hoeck Institution: myclimate
Affiliation ¹ :	<input type="checkbox"/> DNA <input type="checkbox"/> DOE <input checked="" type="checkbox"/> PP <input type="checkbox"/> Stakeholder
Title/Subject (max. 200 characters):	Revision of AMS-II.E to provide baseline procedures for non-renewable baseline consumption and clarify the procedures for retrofitting existing buildings
Purpose of the submission:	<input type="checkbox"/> Query on an approved SSC methodology or small scale procedures ² (Fill in field 1. below) <input checked="" type="checkbox"/> Request for Revision of an approved SSC methodology (Fill in fields 2. and 3. below) <input type="checkbox"/> Proposal for a new SSC methodology (Fill in fields 4. and 5. below)
Approved SSC methodologies ² to which your submission relates to, if applicable.	AMS-II-E. "Energy efficiency and fuel switching measures for buildings"
Contact Information (e-mail addresses to which the answers are to be delivered and phone contacts for possible dialogue on the submission).	tobias.hoeck@myclimate.org
Information for completing the form Describe the questions related to the SSC Methodologies, Modalities and Procedures below. If the questions are related to a project under development or implementation, you may describe the context in which they arose.	
Query on an approved SSC methodology or SSC procedures	
1. If you have questions relating to the application of an approved small-scale methodology (AMS) please specify and provide reference to the exact technology/measure below. If you have questions related to procedures for SSC project activities please clarify below:	
>>	
Request for revision of an approved SSC methodology	
2. If you are proposing an amendment/revision to an approved small-scale methodology (AMS), please provide justifications below:	

¹ Designated National Authority (DNA); Designated Operational Entity (DOE); Project Participant (PP), and Stakeholder.

² The list of all approved small-scale methodologies (AMS) can be found at <http://cdm.unfccc.int> and go to CDM: small scale CDM methodologies.

>> The revision of the methodology is needed to provide baseline procedures for non-renewable baseline consumption and clarify the procedures for retrofitting existing buildings.

This request for revision is following the answer of the SSC Working Group on the 18th June 2010 to the Submission SSC_418. The following issues raised by the SSC WG have been addressed;

- Use of the CDM Sampling and Survey procedures -> The version used in AMS II-G is slightly adapted
- Equations / approaches that address changes in fuel consumption such as weather and fuel costs, so the impact of the measures can be clearly distinguished from changes in energy use due to other variables.
- Inclusion of one approach from AMS.AE (control group approach)
- Cross-effects between the use of cook stove and space heating
- Referring to AMS-I.E. for monitoring and emission saving issues related to NRB
- Monitoring of energy consumption, weather and fuel prices
- Inclusion of the possibility that multiple fuels may be both consumed in both project and baseline cases.

3. If you are proposing an amendment/revision to an approved small-scale methodology (AMS) please provide the draft methodology with changes highlighted.

The following documents have been attached to this form:

- ☒ Draft methodology with changes highlighted in Word and PDF formats
- ☐ PDD in PDF format (optional)
- ☐ Additional information (please specify if you are providing any information note, published paper or a report in support of the request for revision of the SSC methodology)

Proposal for a new SSC methodology

4. If you are proposing a new small scale methodology, please provide justifications below:

>>

5. For submitting a new small scale methodology a filled in form "CDM: form for proposed new small scale methodologies (F-CDM-SSC-NM)" is required.

The following documents have been attached to this form:

- ☐ Completely filled in form "CDM: form for proposed new small scale methodologies (F-CDM-SSC-NM)" in Word and PDF formats³
- ☐ A draft PDD (with sections A to C completed):
 - ☐ Relevant annexes to the PDD are provided
 - ☐ Additional information (please specify if you are providing any information note, published paper or a report in support of the new SSC methodology)

Date you are delivering the contribution:

09th December 2010

³ The current version of the form (F-CDM-SSC-NM) is available on the UNFCCC CDM website (<http://cdm.unfccc.int>).
