Status of submission and review of reports under the Kyoto Protocol

Note by the secretariat

1. This note provides information on the status of submission and review of fifth national communications (NC5), and the annual reports submitted in 2010 and 2011 under decision 15/CMP.1, from Parties included in Annex I to the Convention (Annex I Parties) that are also Parties to the Kyoto Protocol as at 28 September 2011.
2. In accordance with decision 10/CP.13 Annex I Parties are to submit to the secretariat a fifth national communication by 1 January 2010 following the requirements of Article 12, paragraphs 1 and 2 of the Convention. In accordance with decision 8/CMP.3 Annex I Parties that are also Parties to the Kyoto Protocol are to include in the NC5s the necessary supplementary information under the guidelines established under Article 7 of the Kyoto Protocol.
3. Until 28 September, 2011, the secretariat has received 39 NC5s (see table 1). One Party (Turkey) intends to submit its national communication by the end of 2011. Until 28th September, 2011, NC5s of 24 Parties were reviewed in in-country reviews and NC5s of eight Parties were reviewed in centralised review. The reviews of NC5s of remaining eight Parties that have submitted their NCs under the Kyoto Protocol are planned for the first half of 2012.

Abbreviation: NC = national communication.

^a Reports of in-depth reviews of national communications marked as “published” in the table have been published on the UNFCCC website or have been submitted for publication. These are or will be available at: http://unfccc.int/national_reports/annex_i_natcom/idr_reports/items/4056.php.

^b The quantified emission reduction commitment for Belarus in Annex B (92 per cent) was established through an amendment to Annex B to the Kyoto Protocol (decision 10/CMP.2). As at 1 November 2010, this amendment had not yet entered into force.

^c The submission of a national communication of Turkey is anticipated by the end of 2011, thus its review is planned for the first half of 2012.

4. In 2010 the secretariat received 41 annual inventory submissions from Annex I Parties (see table 2). 38 submissions listed in table 2, containing information under Article 7, paragraph 1, of the Kyoto Protocol, have been made by the Parties in accordance with decision 15/CMP.1 for the first year of the commitment period. Belarus, which is Annex I Party to the Kyoto Protocol, indicated that its 2010 annual submission is under the Convention only.

^a Belarus is a Party to the Kyoto Protocol and its quantified emission reduction commitment in Annex B (92 per cent) was established through an amendment to Annex B to the Kyoto Protocol (decision 10/CMP.2). As at 15 September 2011, this amendment had not yet been ratified by enough Parties to allow its entry into force. Belarus indicated that its 2010 annual submission is made under the Convention only.

^b In accordance with the COP conclusion (FCCC/CP/2001/13/Add.4, section V.C.) and following ratification by Kazakhstan of the Kyoto Protocol on 19 June 2009 and its entry into force on 17 September 2009, Kazakhstan is considered an Annex I Party for the purposes of the Protocol but remains to be a non-Annex I Party for the purposes of the Convention. Kazakhstan indicated that its 2010 annual submission is made under the Kyoto Protocol. However, since Kazakhstan does not have a quantified emission limitation or reduction commitment inscribed in Annex B to the Kyoto Protocol its submission is being treated as a submission under the Convention.

^c Turkey indicated that its 2010 annual submission is made under both the Convention and the Kyoto Protocol. However, since Turkey does not have a quantified emission limitation or reduction commitment inscribed in Annex B to the Kyoto Protocol its submission is being treated as a submission under the Convention.

5. The secretariat coordinated all 38 reviews of the reports indicated in paragraph 4 above, following the Article 8 guidelines of the Kyoto Protocol. Nine of the individual reviews of these submissions, those of Australia, Bulgaria, Denmark, France, Germany, Hungary, New Zealand, the Russian Federation and Switzerland, were scheduled as in-country reviews and the rest were scheduled as

centralized reviews. Altogether, eight centralized reviews were organised between 30 August and 25 September 2010 in Bonn, Germany. The reports from both, in-country and centralised reviews of Annex I Parties annual submissions have been published on the UNFCCC website¹ and all reports, with the exception of the reports of the individual review of the annual submission submitted in 2010 by Belarus, Kazakhstan and Turkey were forwarded to the Compliance Committee.

6. In 2011 the secretariat received 41 annual submissions from Annex I Parties (see table 3). 38 of these submissions, containing information under Article 7, paragraph 1, of the Kyoto Protocol, have been made by the Parties in accordance with decision 15/CMP.1 for the second year of the commitment period. Belarus, which is Annex I Party to the Kyoto Protocol, indicated that its 2011 annual submission is under the Convention only. Status reports for 41 submissions had been prepared, published on the UNFCCC website² and forwarded to the Compliance Committee by September 2011 (except Belarus, Kazakhstan and Turkey).

7. The secretariat is coordinating 38 reviews of these reports following Article 8 guidelines of the Kyoto Protocol. Nine of the individual reviews of these submissions, those of Czech Republic, Iceland, Lithuania, Luxembourg, Netherlands, Romania, Slovakia, Spain and Ukraine, are scheduled as in-country reviews and the rest are scheduled as centralized reviews. Altogether, seven centralized reviews are scheduled between 29 August and 24 September 2011 in Bonn, Germany. Most of the reports from both, in-country and centralised reviews are expected to be finalized and published from February to March 2012.

^a Belarus is a Party to the Kyoto Protocol and its quantified emission reduction commitment in Annex B (92 per cent) was established through an amendment to Annex B to the Kyoto Protocol (decision 10/CMP.2).
