Questions and answers Cyprus

Question by China at Tuesday, 28 February 2017

Category: Progress towards the achievement of its quantified economy-wide emission reduction target

Type: Before 28 February

Title: AEAs surplus

According to the projection, the scale of AEAs surplus of Cyprus will be considerable large for the period 2013-2020. Has any transactions of AEAs accrued? If yes, could Cyprus provide detailed information on those transitions?

Answer by Cyprus, Thursday, 02 March 2017

No transactions of AEAs accrued and none are planned in the near future.

Question by China at Tuesday, 28 February 2017

Category: Progress towards the achievement of its quantified economy-wide emission reduction target

Type: Before 28 February

Title: projection (WAM)

According to the projection (WAM), there is a noticeable emission drop in year 2018. Could Cyprus further explain the key factors or drivers for this decrease?

Answer by Cyprus, Thursday, 02 March 2017

In 2018 the use of Natural Gas is anticipated for electricity production. Moreover in 2018 additional measures are considered in the field of energy. These measures are the main cause for the emission drop in 2018 with the WAM scenario.
