

	CDM: Response form for Request for revision of approved methodologies (version 01.1)	
<i>Date of Meth Panel meeting:</i>	09 – 11 October 2006	
<i>Title and number of Request for revision</i>	“Addition of scenario for fossil fuel based electricity and heat generation in the baseline case”; AM_REV0024	
Summary of the query: Please use the space below to summarize the request for revision on the related approved methodologies.		
The request for revision proposes the addition of scenario 17 to ACM0006. The new scenario is similar to scenario 5 but amends it, to include the possibility of project activity being cogeneration and where heat in the baseline scenario is being generated in fossil fuels boilers .		
Recommendation by the Meth Panel:		
(a) Please use the space below to provide amendments /changes (in your expert view, if necessary).		
The recommendation is to accept the request. Note that lifetime issues related to the replacement of existing equipment in the draft revision are more accurately addressed than that proposed in the request.		
(b) Please use the space below for providing guidance, as per Para 93 of EB25 Report, on what type of projects need to revise the PDD as a consequence of the suggested revision, if the recommendation is to revise the methodology.		
None.		
Answer to authors of the request for revision by the Meth Panel :		
Please use the space below to provide an answer to the authors of the above query		
The recommendation is to accept the request. Note that lifetime issues related to the replacement of existing equipment in the draft revision are more accurately addressed than that proposed in the request.
